Just as a divide in a road forces a traveller to choose his path, so does all of life confront mankind with the decisive cross-roads. As the maze of paths in a forest converge, so do the lives of men. Yet as each byway must follow its individual course, so must each man pursue his unique goals, dictated by his needs and desires.

Education must be the foundation for all of life's journeys. Education is knowledge,

knowledge is self-realization, self-realization is understanding, and understanding is the key to fruition. Without the basic tools of learning, man would roam astray.

Paradoxically, education enables man to live together and apart. No man can be a contributing member of society without first having developed his individual potentials.

Dr. Irion keeps abreast in his correspondence by dictating a letter to his secretary, Mrs. Dorothy Jones.

Dear Class of 1963 :

Through your determination and fine efforts you have successfully passed this first big challenge. Congratulations to each one of you.

May I suggest that you continue to aim high, to aspire, to make your goals realistic ones. The pursuit of easy things makes men weak, while the pursuit of difficult things makes men strong. Never run out of unattained goals; if you stop striving, you will stop growing. You must continue to acquire knowledge and organize it for effective use so that your present intellectual abilities may develop to their fullest.

We are proud of what you have done and know that we will be proud of all that you do in the future.

Best wishes to each of you.

Sincerely,

Jack V. Irion

I earnestly hope that you will always strive to achieve the best in life; for it is in this achievement that the greatest reward and satisfaction come.

My best wishes go to each of you for success and happiness.

As they are not yet anticipating graduation and future responsibilities, all their fun and excitement is of the present. Throughout the year and in all their endeavors the juniors unified their school spirit. Selling school pencils in the fall was just one of their activities. This year's "Twilight in Bombay" consumed much of their energies and was a beautiful flourish for the end of a most successful year.

Sophomores

Sophomore year is one of discovery and diversification. Having overcome the initial adjustment and acclamation of the previous year, sophomores begin to examine their potentials and to select their individual field of study and the accompanying extra-curricular activities. The focal point of this sophomore year was the semi-formal dance, "Underwater Escapades," which was held in February. However, as they have demonstrated both in the classroom and in athletic realms, the sophomores possess a potential for leadership, which is just beginning to manifest itself. If proper utilization of this potential increases in the following years, B-R. H.S. will experience continued success.

Freshmen

After having anxiously awaited their initial experience in high school, the freshmen faced many challenges while adjusting to the rigors and traditions of B-R. H.S. Perhaps the most perplexing "period of adjustment" came during the beginning weeks of school when schedules, rules, and teachers were ominous barriers and fellow students were mere strangers. Registration completed, classes began, books were distributed and the blissful days of grammar school were forgotten as new educational and social experiences began. The freshmen began to realize that success included not only class attendance but also intensified study and much homework. As the weeks developed into months, the new additions to our student body became adjusted to B-R. H.S. and anticipate the next phase of high school life.

Football

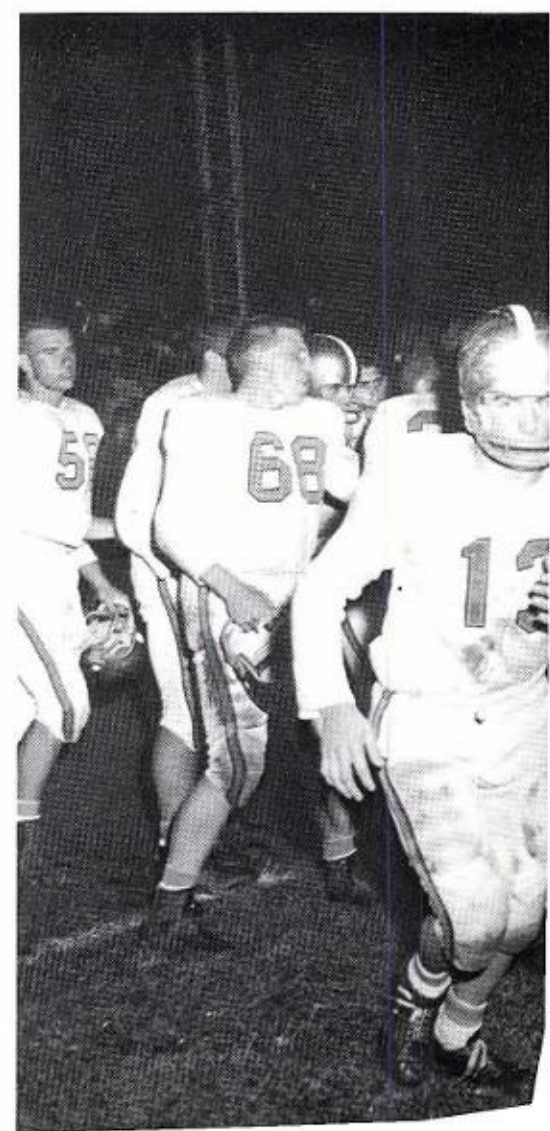

Bound Brook temporarily stops the Falcon march before they go down in defeat 27-0.

Our photographer caught coach Pacilio during one of the crucial moments of a game.

R. Yadlosky eludes pursuits!

Although the team did not have a winning season, Coach Pacilio's squad, completing a 4—5 season, did have its share of standouts. All-County candidates were Mike Brandon and Rich Yadlosky. Honorable mention went to Rich Halama, Joe Grosso, Greg Gulick, and Jim Febo. This year's graduating class will be sorely missed by next year's team.

Under the new head coach, Mr. Joseph Fisher, the basketball team finished the season with a winning record (11—10). The season seemed to be jinxed because of the numerous injuries. Constant work horses of this year's squad were Joe Grosso, Mike Shrider, Rich Marton, John Hazen, Mike Grosso, and Rich Doyle.

Cheerleaders

By their vivacious enthusiasm the varsity and junior varsity cheerleaders seek to instill school spirit into the student body at B-R. H.S. The pep-rallies sponsored by the cheerleaders motivate school spirit; their cheers at games incite student response.

Varsity cheerleaders have a half-time get-together with the cheerleaders from Union High.

The "Mr. Dillion" cheer added spirit to the Monclair pep-rally.

Varsity cheerleaders shout out a hearty "Go, Falcons, Go!"

The match is still in the air, but Jim Slack seems to have control.

To the credit of the school and Coach Crosby, the grapplers completed their season with a winning record. To their own credit Ed Lusczek, John Ruggini, Warren Reid, and Skip Hannon were district champions. Otto Gsell placed second in the districts.

Warren Reid attempts to pin his opponent.

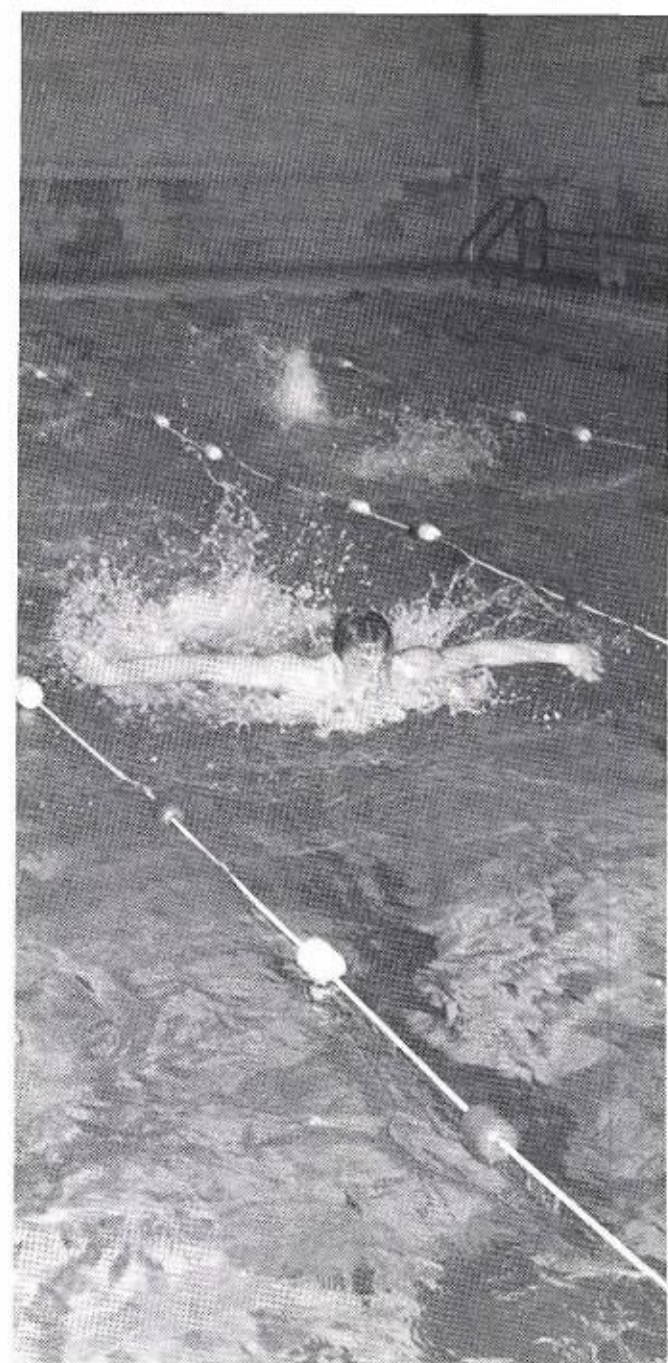

The two "Bergs," Allan and Tom, plunge in prior to sweeping the 200 yard free-style event.

Swimming

The newly formed swimming team, under the coaching of Mr. Donald Bardo, undertook a vigorous schedule this year, competing against already established teams. They gained the valuable experience necessary for making B-R H.S. a formidable swimming opponent next year. Since the team will lose only three seniors this year, future prospects are bright.

Mike Sunberg displays his winning form in the "butterfly" stroke.

To the delight of Coach Bethard, the Dalers covered quite a bit of territory this year. In the county meet Jim Ryan crossed the finish line in second place while Ron Cascaes was seventh and Bill Gallo finished tenth.

Awaiting the shot of the gun, the harriers take position for their two and half mile jaunt.

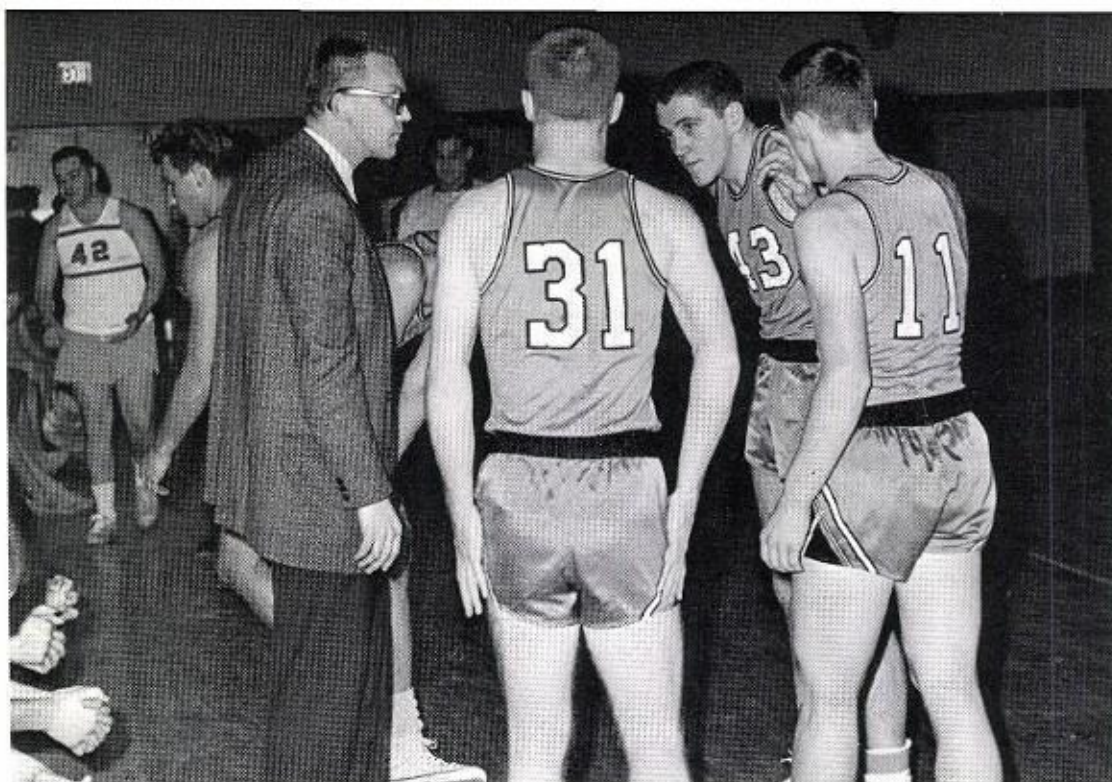

Coach Bethard and his harriers discuss their strategy before the meet.

With the field of Dalers trailing, Ron Cascaes and Bill Gidlo set the pace.

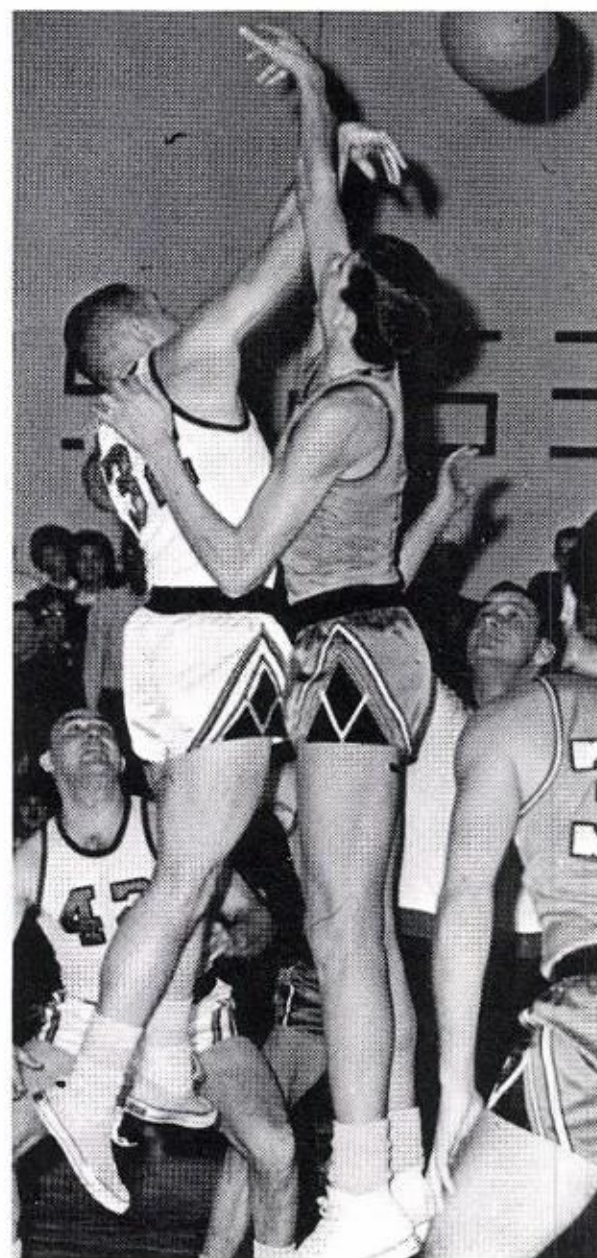

Faculty-Varsity Game

To encourage school spirit and gain revenue for their scholarship fund, the student council sponsored the Second Annual Faculty-Varsity Game and the spirit award, which was again awarded to the class of 1963. The contest on the basketball court was great until the last minutes of the game. The faculty played an excellent game. Their lead, however, was broken when Eddy Harcarick of the Varsity scored the winning basket making the final score 51-50.

During a time out, Dr. Irion, principal, gives an ultimatum to his team — win or office detention.

"Cousey" Fisher drives on "Dipper" Grosso.

"Cootie" Grosso may have jumped higher, but Coach Fisher gets the tap.

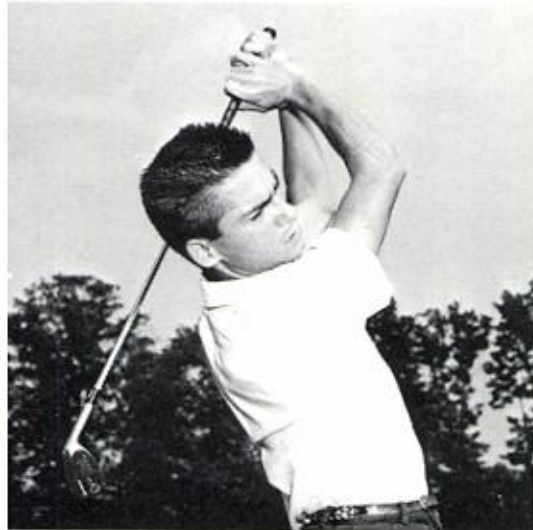

On this rebound Mr. Fagan gives no competition to "Bones" Johnson.

Perhaps the most valuable result of all education is the ability to make yourself do the thing you have to do, when it ought to be done, whether you like it or not; it is the first lesson that ought to be learned; and however early a man's training begins, it is probably the last lesson that he learns thoroughly.

Thus we, the graduates, examine the opportunities and challenges of life and search for the road which will most meaningfully channel our attitudes and resources. In order to gain admittance to these various roads, it is necessary to cross the bridge that spans the turbulence of indecision. It is our hope that the road taken provides a rich and rewarding life for the graduates of the Class of 1963. We wish to thank all those who have contributed to the publication of this yearbook — a symbol of life before we cross the bridge and enter the next stage of our lives.
